Conditions of Alternative Solution Acceptance

- Acceptance of this alternative solution is specifically for the above project address only and does not establish a precedent for acceptance of similar alternative solutions on other projects
- The alternative solution addressed under this assurance constitutes an integral component of all current and subsequent permits pertaining to the above referenced building and provisions of this alternative solution may be superseded only by a BC Building Code compliant design or a design based on a new alternative solution.
- Unless otherwise authorized by the Chief Building Inspector, the termination of the engagement of the registered professional prior to the completion of undertaking identified herein will nullify and make void this alternative solution.

Accepted by Chief Building Inspector
